

Allegato 1 - Elenco degli insegnamenti Avviso di selezione 1060/2015

Master	Sede	Cod Ins	Insegnamento	Numero massimo di incarichi	Numero di ore	Periodo	Oggetto dell'incarico
Master di II livello in Tunnelling and tunnel boring machines - A.A. 2015/2016	Torino	01PZSFX	Rock Mass Characterization. Geo investigations and risk assessment	1	15	25/01/2016-29/01/2016	- Natural undisturbed state of stress in rock and soil - Outline of soil mechanics
		01QAAFX	Tunnel design and construction method	1	17	08/02/2016-17/02/2016	- Drill and blast method - Exercise: Design of a blast round - Exercise: Vibrations induced by blasting - Rock bolting and Rock bolting exercise
		01PZVFX	Soil mechanized tunnelling	1	6	21/03/2016-22/03/2016	- Lining design in seismic conditions
		01PZUFX	General aspects of mechanized tunnelling and Hard Rock TBMs	1	3	16/05/2016-18/05/2016	- Laboratory Tests on soil conditioning
